### FOUR MINUTE MEN CONTINUE CAMPAIGN

**Machinery of Bond Salesmen of Various Wards will Soon be Set in Motion to Cover City**

**Bonds Being Purchased Now, Societies Investing, Family Without a Bond will be a Great Rarity**

Organization work is rapidly taking form in Brainerd in the great drive to sell Liberty bonds.

Tuesday evening the second and fifth ward committees, appointed by the councilmen of the respective wards, met at council chambers and city clerk's office. Third ward committee met in Northeast Brainerd and were addressed by George D. LaBar of the 1st National bank. First ward committee men met this Wednesday evening at the city hall.

The fourth ward committee meets Wednesday evening at K. A. Gustafson's store, 7 o'clock sharp. The ward has been subdivided as follows:

Laurel street, O. F. Erickson, N. Ritari.

Maple street, C. Hukari, F. Graham.

Norwood street, E. Ritari, J. A. Erickson, J. Bakila, H. A. Swanson.

Oak street, J. Thompson 14th, Wm. McCloskey, 18th, K. S. Bredenberg, P. Stendal, P. Peterson, J. Stenberg to culvert.

Pine street, L. P. Gray, M. Anderson, H. Robert, H. Skjures.

Quince street, J. Holvick, J. Bye.

Rosewood street, O. Koskinen, F. Blake.

Portland Ave., H. Mollanen, A. Lindberg.

Side streets 11, 12, 13, 14, 15 streets, T. Greeno, J. L. Hill.

16, 17, 18 E. Westerberg, N. Jepson.

19th, S. Engbretson, C. Ohm.

On the outskirts, P. M. Zakariaisen, A. T. Anderson.

F. H. Simpson, vice president of the Citizen State, spoke on the bonds at the committee organization meeting.

Brainerd was never more thoroughly organized than in this second campaign for the bonds and it will result in the sale of many and get the whole town into the bond owning class, thus showing their support of and loyalty to the government.

#### Musical Club Buys Bond

At a well attended, enthusiastic meeting of the Board of the Brainerd Musical club last evening, the question of buying Liberty bonds was discussed and after figuring up the expenses for the year, it was decided to put the entire surplus of one hundred dollars into Liberty bonds. In doing this they are following the example set by the state federation of women's clubs at their recent meeting in Mankato. At this meeting the delegates from over four hundred clubs, including the Brainerd Musical Club, voted to put their entire uninvested surplus into Liberty bonds. This amounts to two thousand and seven hundred dollars.

In following the example set by this larger organization, of which it is a part, the Brainerd Musical club has touched the high water mark of patriotic public service. This club has always stood for the best in music, has promoted every worthy civic and philanthropic enterprise, and now they have set the pace for women's organizations in patriotism.

It is hoped that every woman's organization in town will express their patriotism in this very practical, convincing manner, and will prove that if they cannot equal the German woman in saving, until they have had

#### SECRETARY BAKER

Considers new process in examination of men for the army.

Secretary of War N. D. Baker has indicated that a decision as to the examination and classification of all remaining registered men under the draft law might be reached within a few days. Mr. Baker is considering a proposed change in the process of examining men which has been recommended to him.

### Haig Preparing for Another Flanders Drive

(By United Press)

London, Oct. 17—A resumption of heavy British artillery fire coincident with the clearing weather adds to the belief that Gen. Haig is preparing for another Flanders drive, Haig reporting extraordinary raiding and aerial activity.

### Driving Wedge Will Permit of Flank Attack

(By United Press)

Washington, Oct. 17—With a veritable typhoon of fire the allies are now driving a wedge into the German line in Flanders, and sooner or later this wedge may split the Teuton line and permit of flanking attacks instead of the increasing frontal attacks which have only meant throwing the men into the maelstrom of slaughter without real tactical advantage, this significant fact developing in Baker's war review.

### Russians Resist German Naval Baltic Attacks

(By United Press)

London, Oct. 17—Russia is making desperate resistance to the naval attacks of the Germans in the Baltic and have already taken a toll of at least six German naval vessels, according to Petrograd dispatches. The sinking of a Russian destroyer is reported.

### Germany Works Separate Peace in the Balkans

(By United Press)

Washington, Oct. 17—Germany's working for peace in the Balkans and having failed to gain a peace in Russia she is now centering her efforts on Rumania and Serbia, according to diplomatic advices, but the prospects of winning over these states is slim.

### Germans Capture Island of Oesel

(By United Press)

Berlin, Oct. 17—An official statement says: "The Island of Oesel is fully ours."

### German Air Raid Many People Die

(By United Press)

Paris, Oct. 17—Numerous civilians perished as a result of the German air raid over Nancy.

### Skeptical About Vaunted Intention Submarine Zone

(By United Press)

Washington, Oct. 17—Germany's vaunted intention of establishing a submarine zone about the United States, Canada and Cuba is taken with a touch of skepticism. However, naval authorities declare it is entirely possible that the Teutons will endeavor to extend their sphere of operations with the larger U-boats they are building but that they would have a better opportunity by operating on the European side where they would be nearer their home bases, besides the establishment of a zone as indicated would also stimulate the war spirit here.

### Mississippi Valley Great Steel and Iron Manufacturing Center

(By United Press)

Washington, Oct. 17—That the Mississippi valley will become a great steel and iron manufacturing center is the probability developing from the revival of river traffic due to railway congestion. This future is suggested by Federal Army Engineer Keller in discussing the project of iron ore transportation between St. Paul and St. Louis.

### Wets in the Lead Majority of 300 in Iowa Election

Des Moines, Oct. 17—Corrections in the election returns at 10 a. m. put the wets in the lead in the prohibition constitutional amendment election with a majority of 300.

### Wets Get 2,081 Majority in Iowa Prohibition Vote

Des Moines, Oct. 17—The complete figures from 80 out of 99 counties and some of the precincts from others give the wets a majority of 2,081 at noon today.

### Airplane Battle Over the High Alps

This remarkable photograph shows an Italian airplane, a Neuport Machi, circling about the high snow covered mountain, Dante de Pasubio, in chase of an Austrian airplane, which attempted a raid on the Italian position on the top of the mountain.

#### STATE AUDITOR PREUS

To be one of principal speakers at big rally at Lester Prairie.

State Auditor Preus and H. P. Keller, former mayor of St. Paul, will be the principal speakers at a big loyalty rally in which all LeClerc county will join next Sunday.

### Bentall Found Guilty Attempt Obstruction Selective Draft Law

(By United Press)

St. Paul, Oct. 17—J. O. Bentall, socialist nominee for governor of Minnesota in 1916, was found guilty of attempted obstruction of the draft registration of his hired hands. The sentence will be pronounced this afternoon.

Karl Wurst, German, was interned for obstructing the Liberty Loan campaign.

### One Killed One Injured

(By United Press)

Washington, Oct. 17—One man was killed and one injured in an explosion on a United States scout patrol off an Atlantic port last night the navy department announces. The accident was due to the blowing out of a return tube to a boiler.

### NUVEEN BOND CASE TO BE REOPENED

**Judgement for Over \$14,000 Against Chicago Banking House to be Given Day in Court**

**Firm Had Bought Koochiching County Bonds, Were Not at Trial, and Made Party to a Big Judgment**

On September 14 judgment was entered in district court here against John Nuveen & Co., Chicago bankers who had bought a Koochiching county bond issue, and against L. H. Slocum, former county treasurer of Koochiching county, by Koochiching county in the sum of \$14,594.52, being one of the suits on bond commissions, etc., brought by charge of venue from Koochiching county to Crow Wing county.

John H. Hill, of Chicago, and Mantor & Ebner, Brainerd attorneys for the bank, have secured an order from Judge W. S. McClenahan of the district court, opening up the case and giving them a chance to be heard in court.

In his memorandum the judge said: "The defendant, Nuveen & Co., at the hearing, objected to the use of the depositions referred to in the offer of the plaintiff, because, relying upon the belief that the action would not be pressed against the said Nuveen, no cross examination had been made of the witnesses produced, and upon the further ground, that said depositions have to do with issues between the plaintiff and the other defendants, as well as between the plaintiff and the said Nuveen & Co., and that an attempt to use the evidence so taken in the trial of the issues now remaining undisposed of would lead to confusion and embarrassment. These objections merit consideration and, taken with what appears to be the absolute right of Nuveen & Co. to answer and be heard, justify the order above made."

Attorneys for the bank produced affidavits of John Nuveen, John S. Cook and John H. Hill of Chicago in support of their contention to be heard and to file an answer.

Judgment entered was ordered stayed and the plaintiff restrained from taking any further proceedings relative to the attempted enforcement of the judgment until the hearing of the order.

In their answer, John Nuveen & Co. admit the purchase of \$185,000 Koochiching county ditch bonds through G. A. Elder and companies represented by him. Allegations of fraud, collusion and deceit are denied.

John Nuveen, head of the banking house in his affidavit states he heard nothing of the judgment until rumors caused him to call it to the attention of his attorney, John H. Hill. He states no summons was ever served on him personally in Minnesota, that when testimony by deposition was taken June 6 in Chicago to be used in the case he appeared personally; that he was assured by N. B. Arnold, attorney for Koochiching county, that from the testimony given by affiant at the time, and other witnesses whose testimony was taken at the same time and place to be used in the same case, that the defendant's transactions were entirely cleared up to the satisfaction

of Mr. Arnold and that there would be no further claim made against this defendant by the county as Mr. Arnold was satisfied from such testimony that the defendant's transactions were free from all fraud or collusion and all his transactions involved in the suit were fair, honorable and legitimate.

That after the deposition was taken no notice of trial of any kind was ever served on the defendant.

John S. Cook, manager of the collection department of the Corn Exchange bank of Chicago, makes affidavit to giving testimony before Edwin L. Cobb, commissioner, in Chicago. That on or about August 9, 1917, N. B. Arnold and John H. Palmer, assistant attorney general of Minnesota, again called upon him for the purpose of securing further documentary evidence in the possession of the bank and to have Cook attend as a witness in the hearing of the Koochiching county case in Brainerd. Cook further makes affidavit that in conversation with Arnold and Palmer on August 9, both told him that the connections of John Nuveen & Co. with the various transactions had with Koochiching county bond matters had been open and above-board, as shown by the depositions taken as mentioned, and that no wrong doing could attach to the company in such transactions, and that there was no disposition on their part to prosecute or harass the company by any such action.

John H. Hill, Chicago attorney of the company, corroborates Cook's testimony in his affidavit. He quotes a letter written him by Mr. Arnold as special county attorney of Koochiching county relative to having Mr. Thompson, a representative of John Nuveen & Co., testify:

"As I explained to you while at your office, I feel that the evidence given by Mr. Thompson in these matters in explanation of their dealings with Mr. Elder will go a long way to correcting any wrong impressions that may exist because of their dealings with Mr. Elder in county bond transactions. From what I have been able to learn, feel that Nuveen & Co.'s connections with the various transactions have been open and above board, and in dealing with Mr. Elder made such bargains as they would be justified in making with any individual. I feel that their endeavor to deal with the county direct on a basis that would save the county a great deal of money can be so explained by Mr. Thompson as to be of great benefit to Nuveen & Co. throughout this northern part of the state."

Accordingly, Mr. Hill in his affidavit, said he assured Nuveen & Co it would not be necessary to make further expense or trouble in defending the action as he was assured the cause would not be further prosecuted against Nuveen & Co.

### Attempts to Evade War Tax Discovered

more training along this line, they can surpass her in giving.

The Musical club also proved its sympathy with the campaign for food conservation and at the same time paid a compliment to the Minnesota director in the General Federation. Mrs. T. G. Winter, by voting to give five dollars towards the expenses of Mrs. Winter's lecture here tomorrow evening. If the women of the town wish to show their appreciation of such generosity, if, in their hearts, they are glad and proud that Brainerd has such a generous, patriotic organization of women and if they feel that Brainerd is a better town to live in because of the Musical club, let them show it in the most practical way possible, by attending Mrs. Winter's lecture.

**"Brainerd Four Minute Men"**

Cold facts, or rather red hot ones "straight from the shoulder" fell from the lips of Rev. H. G. Stacey, 4-Minute man speaker for the government at the Best theatre last evening in the emphatic, convincing manner of the man who has come to be affectionately termed "The Little Giant" because of his ability as a public speaker.

Rev. Stacey spoke for the Liberty bond campaign and his remarks, as on previous occasions, went home and were greeted with rounds of applause when he completed his four-minute talk.

This evening, R. R. Gould, another official 4-minute man speaker, will take up four minutes of the time between change of reels at this popular playhouse. Mr. Gould is well posted on the subject, an earnest, convincing speaker and will give the public food for careful thought and consideration.

Men will be speaking in different parts of the city on this all-important subject this week and next and everything points to Brainerd coming to the front with her share of the big three billion dollar loan the government is asking for and requires at this time in order to rush the war to a successful conclusion.

More speakers can be used and any who are willing to offer their services should see F. T. Lincoln at once in order that their names may be sent to Washington and recorded as official 4-Minute Men. It is an honor to speak for the government at this time and men can put their abilities to no better advantage than in this work for Uncle Sam.

**"Four Minute Men" on Range**

The "Four Minute Men" idea appealed with great force to A. J. Hayes, of Crosby, chairman of the Liberty Bond campaign for Crow Wing county and he has appointed a flying squad of speakers which quickly memorized the material furnished from Minneapolis headquarters and is speaking every night at every picture show on the range. Here is the Crosby list: Hugo Alm-

quist, B. A. Barker, Rev. B. A. Stevenson, Rev. Father A. Turbiaux, Judge D. J. Severance, W. C. Deering, Emil Kretsch, Charles Scheuer, A. J. Hayes, Mr. Hesse, Mr. Bodin. Ironton speakers: E. W. Heed, Thomas W. Beare, D. B. McAlpine. Manganese is supplied from Crosby.

Cuyuna and Deerwood have no picture shows at present, but come to Crosby and Ironton to see the shows and will hear the lectures.

The straight from the shoulder talks are being driven home by the earnest speakers and will produce results.

A. J. Hayes, chairman for the county, said every district was hearing about the bonds and was confident the government quota would be attained. The bond campaign also is the means of spreading a great wave of education in what this government stands for, the duties of citizenship, loyalty to the flag, etc.

## WOMAN'S REALM

### WORK OF THE WOMEN

Crowds are Expected to Inspect Red Cross Exhibit at Chamber of Commerce

Attention is called to the Red Cross meeting at the Chamber Friday afternoon and evening, at which time the exhibit of articles made by the loyal women of this country will be on exhibition. Everyone interested in this splendid work is urged to be present and especially the men who have given liberally to the work. Delegations from other towns in the county will be present and all are urged to come and afford the ladies the opportunity to see the work they have done so well.

This exhibit will comprise the first shipment of articles to the war zone from Crow Wing county and it will surprise the public to see just what has been accomplished by the women of the city and county during the busy hours they have put in at headquarters.

Everyone is invited to examine the exhibit and enjoy the social hour at the Chamber during the afternoon and evening.

The scheduled meeting of the Red Cross directors last evening at the Chamber of Commerce did not materialize because of the lack of a quorum, there being such a demand upon the time and attention of members as to make it impossible to attend. The meeting is being held this afternoon and matters of importance to the work being done by the Red Cross are being gone over.

### Red Cross Knitters, Attention!

All knitters are requested to bring their finished work to the headquarters at the rest room in the city hall on Thursday. The inspection committee will be there all day.

The stockings should be washed, if possible before bringing in. After the exhibit on Friday, all articles will be shipped. It is hoped that a large number will be handed in so that Brainerd may make a good showing.

Signed,  
THE COMMITTEE.

### Birthday Party

Miss Emma Elling was pleasantly surprised Tuesday evening, the occasion being her birthday. Music and playing cards was the amusement for the evening, after which luncheon was served. She received many beautiful gifts and all enjoyed a good time.

### Norwegian-Danish Aid

The Norwegian-Danish Lutheran church aid will meet with Mrs. S. A. Saxrud, 820 South Sixth street, on Thursday afternoon.

### Bethlehem Lutheran Aid

The Ladies Aid society of the Norwegian Bethlehem Lutheran church will meet Thursday afternoon, Oct. 18, at the home of Mrs. Martin Anderson, 1516 Pine Street, Southeast.

### At the Best Thursday

Theda Bara in the "Tiger Woman" has in this photoplay exceeded all her former vampire parts. It is a play just suited to her style of acting and she does the most wonderful acting ever indulged in by her. It is a play which once seen is never to be forgotten.

### WORK WEARS ON THE KIDNEYS

Doan's Kidney Pills Have Done Great Service for People Who Work in Brainerd

Many Brainerd people work every day in some strained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious housework; lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills are for weak kidneys and bad backs. Their effective work in Brainerd is convincing proof of merit.

J. C. Beck, carpenter, 809 Tenth St., S., Brainerd, says: "I couldn't stoop without pain and was hardly able to do any work at all. I got Doan's Kidney Pills at H. P. Dunn's Drug Store and they soon fixed me up all right. I was able to again work as usual and I haven't been obliged to take any kidney medicine since." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Beck had. Foster-Milburn Co., Props., Buffalo, N. Y.

### FINE CHURCH SUPPER

Busy Bee Society of Swedish Lutheran Church Hostess at the Annual Fall Supper

The annual fall supper of the Busy Bee society of the Swedish Lutheran church will be given this evening in the church basement, the hours being from 5 to 8 p. m.

There will be five large tables with ten waiters. The committee includes Mrs. Gust Johnson, Mrs. John Carlson, Mrs. Aaron Johnson, Mrs. John Olson and Mrs. Olaf Anderson.

"Stark kaffe" and the renowned "kott bollar" will be on the bill of fare and if you have ever drank Swedish Lutheran church coffee and eaten meat balls you will attend every supper they give, because both are made in superb manner.

The ladies will have a fancy work exhibition which is guaranteed to exceed anything of the kind shown for some time in Brainerd. Many Christmas suggestions are offered.

### Worth Their Weight in Gold

No man can do his best when suffering from backache, rheumatic pains swollen joints or sore muscles. B. H. Stone, 840 N. 2d St., Reading, Pa., writes: "For months I was unable to attend to business. I used Foley Kidney Pills and soon the pains and aches were gone. They are worth their weight in gold to me." H. P. Dunn, druggist.—Adv.

## SENTENCES PICKETS

Judge Gives Four Suffragists Six Months in Jail.

One Declares She Will Recognize No Law Which Women Do Not Help Make.

Washington, Oct. 17.—Judge Muldowney in police court imposed a sentence of six months each in the workhouse on four suffragists, the heaviest sentence yet given to White House pickets.

Declaring the Woman's Party will not recognize any law in the making of which women do not participate, the suffragists announced that a monster demonstration will be held in front of the White House on Nov. 10.

The four who chose to go to Occoquan workhouse in preference to paying \$25 fine each were Miss Rose Winslow, New York; Miss Kate Hefelfinger, Shamokin, Pa.; Miss Minnie Hennessey, Hartford, Conn.; and Miss Maude Jamieson, Norfolk, Va.

### Don't Recognize Court.

The heavy sentence was imposed on the recommendation of Assistant Prosecutor Ringgold Hart, in view of a suspended sentence on a previous picketing offense by the quartet and because Miss Jamieson, in an address to the bench, said:

"We are not amenable to the rules of this court. We do not recognize this court and furthermore will not recognize any law which women have no part in making."

### TO ATTEND LEPER HUSBAND

Faithful Wife of Montanan Refuses to Protect Own Health.

Helena, Mont., Oct. 17.—State Senator O. G. Willets, who is afflicted with leprosy, has been placed in quarantine at his home at Alberton, Mineral county, and his bride of seven months, at her own request, has been permitted to act as his attendant. Dr. W. C. Cogswell, secretary of the state board of health, has returned from Alberton, where he investigated the case.

"Mrs. Willets expressed a desire to remain with her husband and as it would be necessary to secure an attendant for him, it was decided to permit her to remain with him," said Dr. Cogswell.

### Ohio Prohibition Election Nov. 6.

Columbus, Ohio, Oct. 17.—Ohio will vote on constitutional prohibition Nov. 6. Wet and dry leaders have marshaled their forces for an exceedingly bitter battle. The fight is under way in earnest with meetings in nearly every city and town in the state. William Jennings Bryan will be the dry "topnotcher" in the campaign.

Loans to Allies Over Two Billions. Washington, Oct. 17.—Loans of \$50,000,000 to Russia, \$25,000,000 to Great Britain, \$20,000,000 to France, and \$3,000,000 to Belgium, just made, brought the total credits of the United States to Allied nations up to \$2,714,400,000.

### Strike for "Home of Their Own."

Camp Grant, Rockford, Ill., Oct. 17.—Movement of 5,400 "hand picked" men from the national army cantonment here to Camp Logan, Houston, Tex., and Camp Pike, Arkansas, has been officially announced. The men from this camp will go to make up national army divisions now being formed at the two camps. They were chosen as being best fitted. Vacancies will be filled, according to an announcement, by transfer of nearly 10,000 negro troops from Illinois, Wisconsin and North Carolina.

## CONGRESSMEN VISIT EUROPE

On Way to Inspect War Fronts of Allies.

Washington, Oct. 17.—Ten members of Congress traveling in unofficial capacity, but carrying special passports arranged for by the State department, are on the way to Europe to visit the war fronts and fraternize with the parliamentary representatives of the Allies. In the party are Representatives Dale, Vermont; Taylor and Timberlake, Colorado; Hicks, New York; Johnson, Dill and Miller, Washington; Goodwin, Arkansas; Stephens, Nebraska; Parker, New Jersey, former Representative Stout of Montana, and Ross L. Hammond, a Fremont, Neb., editor, and others.

The visit is a development of the recent invitation of representative members of the British and French parliaments for closer affiliation of the parliamentary bodies of the Allied governments through personal conferences at the British, French and Italian capitals.

President Wilson did not favor Congress officially accepting the invitation at this time and neither house took action, but the ten members arranged their trip informally. Other representatives are expected to follow soon.

## BRITISH TO RAID ENEMY CITIES, BONAR LAW SAYS

London, Oct. 17.—Formal announcement that England intends to make reprisal in kind for the German air raids over unfortified British towns has been made in the house of commons by Chancellor of the Exchequer Bonar Law. He stated the government's intention to make air raids and bombard German towns as far as the military needs will release the necessary machines.

### "Hand Picked" Men Transferred.

London, Oct. 17.—The Deutsche Tages Zeitung of Berlin, as quoted in a dispatch from Amsterdam, says Count Czernin, Austro-Hungarian foreign minister, recently requested the German chancellor, Dr. Michaelis, to state Germany's peace terms, urging that Germany make concessions in the west. Count Czernin received a vague reply, whereupon he stated that he could no longer negotiate with Dr. Michaelis, inasmuch as the chancellor made vague statements when clearness and frankness were necessary.

### Catarrrhal Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by all Catarrh Medicine. Circulars free. All Druggists, 75c.

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It's not intended for the cure, mitigation or prevention of disease.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

## PATRIOTIC CONTRIBUTION

A bulletin sent out by the secretary of Ninth District Liberty Loan news bureau says:

Watch out for a report that the newspapers that are printing the Liberty Loan advertisements are getting paid for it. This is absolutely and unqualifiedly false. The newspapers are giving this space as a patriotic contribution and the country press is doing splendid service.

The newspapers of the country are receiving no pay for the advertisements and the editorials they are printing advocating the taking of Liberty Loan bonds. It is a patriotic contribution to the country to aid in the war now being waged.

## THE MARKET CONDITION

The sharp turn for the better of the potato market that was the distinguishing feature of the closing days of last week, put thousands of dollars into the pockets of purchasers who had dug their stock and placed it under cover. Reports as yet are uncertain as to frost damage on the potatoes in hills, but the stock in the fields that was dug and not gathered has undoubtedly suffered a large damage.

The movement in car lots has been of large volume during the past week and would have been much heavier if the car shortage had not been so noticeable on many railroads. Car lots of Burbanks and round white varieties were selling in the Twin City territory Friday afternoon at \$1.35 to \$1.40 per bushel for No. 1 sacked stock. This is a most gratifying price from the point of view of producers when the large crop of the year is kept in view. Farmers should be congratulated that their discretion in marketing has kept the marketing price up to such a remunerative level.

The cabbage supply is not up to requirements and no cabbage should be allowed to go to waste. The onion crop is also lighter than was indicated by early reports and prices are steadily advancing. The price to growers is approximately 25 cents per cwt. above last week's figures.

## SHIP YOUR FOOD STUFFS

Farmers are urged to ship their wheat and other food products as a patriotic measure. With prices for wheat established by the government, Secretary C. W. Murnane of the Railroad's War Board Northwest committee on car service, believes that no advantage can be derived from holding such grains in farm elevators.

"The roads can promptly handle wheat to storage centers now and such movement will facilitate the manufacture of flour for domestic consumption and for export to our allies. That is why the railways are appealing to farmers for quick action. Later, when many more products must be hauled, congestion and delays are more likely.

"The carriers are now being operated as near as possible like a single unit to serve the entire community. But the demand for hauling soldiers and supplies will be an increasing

burden which may hamper the movement of food supplies."

## CHICAGO TALKS CITY MANAGER

It is planned to introduce a bill at the next session of the Illinois legislature for radical reforms in Chicago's system of municipal government, the bureau of public efficiency having already formulated what will amount to the city manager plan. Under the proposed bill, the mayor, who would virtually be a city manager, would be chosen by the city council without fixed tenure, subject to removal by the council and would be the administrative head of the city government. The mayor need not necessarily be a resident of Chicago.

The Little Falls Transcript says that city is on the verge of a sugar famine, and that several dealers are entirely out of the commodity while others have only a few pounds on hand and that they are unable to get it from the wholesalers or even to get a satisfactory reason for the shortage and the Transcript sums up the situation by remarking: "It is believed that wholesalers, fearing a drop in sugar, have been unwilling to stock up and be caught with a large amount of high priced sugar when the price goes down."

Letters written by those assigned to duty in foreign countries engaged in war will be transported free. No stamps of any kind are needed. The postage will be taken care of by the "folks at home" at this end of the route.

In these days of conservation it might be well to save your worn-out typewriter ribbon and try the experiment of putting it in a quart of distilled or rain water which is said will yield a fine writing fluid.

**"Female Rasputin" Back in Russia.**  
Petrograd, Oct. 17.—Mlle. Virubova, "the female Rasputin of Russia," who was a close friend of the former emperor, has returned to Petrograd with the other exiles sent to Helsinki, Finland, by the provisional government. They were returned by the Council of Workmen's and Soldiers' delegates of Helsinki, which refused to permit them to stay in Finland. Members of the party, who were ordered out of Russia on account of their connection with the imperial family, have been a month in Finland.

## As to the Iron Age.

The best informed sources give the period from 2000 to 2500 B. C. as marking the transition from bronze to iron. Prof. J. B. Wilson, in an article in the Princeton Theological Review, presents pretty nearly all of the available evidence on the subject. The "iron age" seems to have begun earliest in Asia Minor, where iron was used for various purposes as early as 2500 B. C. The people of Nippur used iron knives and arrowheads as early as 200 B. C., and iron is claimed to have been in use in Babylon five centuries.

## CATTLE PERISH IN KANSAS FIRE

Owners Estimate 7,500 Cattle and 3,100 Hogs Are Lost in Blaze.

## HALF OF YARDS BURN

Property Second in Size in World—Embargo Against Cattle Declared by All Roads Except One—Origin of Fire Unknown.

Kansas City, Oct. 17.—That 7,500 cattle and 3,100 hogs were lost in the fire which consumed part of the yards Tuesday, is the estimate issued by the Kansas City stockyards. The statement said twenty-five acres were burned over. An embargo against cattle to Kansas City until conditions are normal has been declared by all railroads except one.

## Half of Yards Destroyed.

Kansas City, Mo., Oct. 17.—More than one-half of the Kansas City stockyards, the second largest in the world, has been destroyed by fire. It was estimated after the fire had been brought under control after raging for two hours that several thousand head of cattle had been destroyed. Some estimates ran as high as 10,000. There were 47,000 cattle in the yards at the close of business Monday, and while it was possible to liberate most of them, so rapidly did the flames gain headway that many of them were caught and burned.

## Origin Mysterious.

It was the third disastrous fire in the history of the Kansas City stockyards. The blaze was discovered by two patrolmen in Kansas City, Kan., and before they could summon apparatus the fire had become unmanageable.

The origin of the fire was undetermined and no estimate of the pecuniary loss was available.

No definite estimates as to the loss will be made until insurance adjusters have taken a census of the number of cattle burned, since the fire was confined to the cattle pens.

## Carcass Disposal Problem.

Disposal of the carcasses was proving a problem early today. It was thought by commission men at the stockyards that local soap and fertilizer plants would be able to care for most of them.

## SWEDISH MISSION ANGERED

Threaten Withdrawal From U. S. Because Mail Is Detained.

Washington, Oct. 17.—Sweden's economic mission may be withdrawn from Washington, Swedish officials declare, because their diplomatic pouches are detained at the British embassy.

Unofficial hints are that the mail may contain secrets rivaling the Luxemburg affair. The Swedish representatives claim the pouches contain principally statistics. They display further indignation because they are denied the privilege of cabling their foreign office in code.

The Swedish representatives have been informed that they can have no serious objection to opening the mail in presence of British officials, if the contents are "harmless."

## FIRST BILLION IS SIGHT

Treasury Officials Are More Optimistic.

Confident Remainder of Liberty Loan Campaign Will Witness Acceleration in Subscriptions—Certifies Over-subscribed.

A statement by treasury officials late Tuesday declared that "unless all signs failed" the Liberty Loan would reach its first billion dollars by night. The government's latest offer of certificates of indebtedness, \$300,000,000 at 4 per cent, has been heavily over-subscribed.

The offering of certificates just closed brings the total offered by the government in anticipation of second Liberty Bonds receipts up to \$1,500,000,000. The latest issue was the fifth. It matures Nov. 22 and is convertible into Liberty Bonds if presented to reserve banks Nov. 15.

With the \$1,000,000,000 mark in sight treasury officials were inclined to believe the remainder of the campaign would witness a tremendous acceleration in subscriptions and that \$2,000,000,000 might be reached by the end of the week. Dispatches from every section told of redoubled efforts to quicken the campaign.

## Southwestern Miners to Strike.

Kansas City, Oct. 16.—A resolution calling for a strike affecting all mines of the Southwestern Coal Operators' association in Oklahoma, Missouri, Kansas and Arkansas, beginning next Friday morning, was passed at a meeting of the presidents and secretaries of the state organization of the United Mine Workers of America in this city. The miners declare they will not go back to work until the fine system, which deducts certain amounts from their wages for the infraction of rules of the operators, is abolished.

## INDIAN REVOLT FINANCED IN U. S.

Federal Attorney Charges Kaiser With Attempt to Foment Revolution in India.

## PLOT HATCHED IN BERLIN

German Military Attache at Washington and Teuton Consul in Chicago Heads of Revolutionary Ring.

Chicago, Oct. 17.—Joseph Fleming, assistant United States district attorney, in his opening statement at the trial here of three Germans and a Hindu for conspiracy to foment a revolution in India, made public another attempt by the Kaiser to make Uncle Sam a "diplomatic goat."

Germany, according to Fleming, plotted in the summer of 1915 to incite the inhabitants of India to revolt, thus forcing the withdrawal of British troops from the western front in France.

The plans, of course, were hatched in Berlin, but were to be perfected in the United States, with Captain von Papen, German military attache, and Baron von Reisswitz, German consul in Chicago, as heads of the revolutionary ring.

## Mobilize Funds in U. S.

Revolts were to be started simultaneously in Siam and Bangkok, Fleming said, and later in Burma. The necessary funds were to be mobilized in the United States, principally in Chicago and New York.

Fleming said the government would show how various sums changed hands here in this plot, and referred particularly to \$20,000 von Papen is alleged to have paid Albert H. Wehde, one of the defendants.

## German Consuls to Help.

German consuls throughout the United States were to aid in organizing incendiaries and distributing funds, Fleming charged.

In addition to Wehde, the defendants are Gustav P. Jacobsen and George Paul Boehme, Germans, and Harambha Lal Gupta, a Hindu. Von Reisswitz, indicted with them, is a fugitive.

## WOULD CONSCRIPT WEALTH

Government Action Should Liberty Loan Fail.

San Diego, Cal., Oct. 17.—Speaking to several thousand persons here, William G. McAdoo, secretary of the treasury, emphasized the necessity for liberal financial support by the people of the United States to their fighting forces in the present war and presented to his audience an alternative—that of conscripting the wealth of the nation.

"Suppose," he said, "that such an unpalatable thing should happen as that the people of the United States should fail to buy these Liberty bonds. Then we shall have to conscript the wealth of the nation. We don't want to do it, but when the government is conscripting the manhood of the country and when it is conscripting human life to carry the war to a successful conclusion, is it any time to be more tender with our dollars?"

"No," came in a shout from the audience.

## PARLIAMENT RECESS AT END

Convenes to Pass on Credits Vote and Reprisals.

London, Oct. 17.—Parliament has reassembled after a recess of two months. Its most important duty will be the passing of a new vote of credit. This probably will bring up for discussion the general war situation. Chief interest centered in the prospect that the government will take advantage of the opportunity to announce the general policy of its air service, a subject which has been brought into the foreground by the recent raids over London.

## KIDNAPPER GETS 35 YEARS

Claude J. Pierson, 20, Convicted by Jury—Others Indicted.

Marshfield, Mo., Oct. 17.—Claude J. Pierson, 20 years old, alleged leader of the band that kidnapped Baby Lloyd Keet, is under sentence of 35 years in the state penitentiary. A verdict was returned in his trial after six hours' deliberation by the jury. The trial had lasted one week. The cases of the other persons jointly indicted with Pierson probably will not be tried for a month or more.

## Kaiser at Constantinople.

London, Oct. 17.—The German emperor arrived at Constantinople yesterday, according to a Reuters dispatch received by way of Amsterdam.

## Meat Price Raise Means Boycott.

Chicago, Oct. 17.—The American public has reached the breaking point in high meat prices—further large increases will mean a boycott. This was frankly admitted by packers themselves, who are here attending the convention of the American Meat Packers' association. The packers were practically unanimous in favor of lower prices—despite the fact they claim they are now operating several departments of their industry at a loss. The packing industry will welcome government regulation.

## Dont be a Slacker

CAN you look the world squarely in the face and feel you have done your full duty?

Are you buying every Liberty Bond you can afford?

Your right to Liberty and happiness has been attacked. If your boy, whom you have sent to the front to fight for you is not given enough munitions and provisions to hold back the German horde, the fate of your home will be the fate of the homes of Belgium.

Your boy has staked his life for your country. If you do not stake your money by buying a Liberty Bond his life may be sacrificed to your selfishness!

Buying a Liberty Bond does not mean giving your money. It means loaning your money and receiving every cent of it back with 4% interest.

Liberty Bonds are backed by all of the resources of the richest government in the world and are the safest investment man has ever known. Purchases of Liberty Bonds up to \$5000 are exempt from government taxes.

Liberty Bonds may be purchased in any amounts in units of \$50. The share of every American family on the second Liberty Loan is \$150.

If you know of a man or a woman who has not bought his full share of Liberty Bonds, do not be afraid to call him a slacker!

Your neighbors and your friends are watching you. Your boy has staked his all. If this bond issue should fail—if our army should not be equipped—the day will surely come when with your home gone—your money taken from you—and the lives of your women and children in jeopardy, you will ask yourself: "Why didn't I heed that warning in my own newspaper and act before it was too late?"

Any bank, post office or department store will sell you a bond today.

\*\*\*\*\*  
The noon-day lecture by Dr. Bromley at the Odd Fellows hall was a feature of yesterday's meeting.

A hundred and twenty men sat down to the luncheon served by the women of the churches (and it was a fine lunch too) then immediately after eating drew back their chairs and listened to the words of the speaker.

It was a lecture that appealed to the thinking men of the community for it breathed the atmosphere of the university room and took one back to the days when such subjects were the common themes of discussion.

Those who had given little attention to the academic scholarship were glad for the opportunity to hear "Evolution" discussed from the standpoint of the class room.

The representative men of the community were present, among them many who had not heard the evangelist before. Kindly words of appreciation were spoken both for the efforts of the ladies in serving the dinner and for the evangelist.

Tonight is special for young people. All the different young people's organizations in the city are asked to be present and listen to the sermon of the evangelist which will deal with the problems and privileges of the young folks. The churches of the city have splendid classes of young people and their interest in the work of the church has contributed very largely to the success that has been attained.

Thursday night popular amusements will be discussed. In many places where the evangelistic party has been in the past the tabernacle would be filled long before the meeting hour. The interest in this issue is keen. Experience has shown that people can be aroused on this matter of amusements and can be liberal minded in listening to the danger that may come forth from ill advised recreations. So called liberality is often intolerance for the view point of the gospel church.

Prayer was offered by Sunday school missionary Herbert Henwood, of Wadena.

Last night was for the family, and there were many present with their entire family. One woman coming early learned that the whole family was asked to be present went home for husband and children. All those who were there appreciated in a marked degree the warning voice of the evangelist as he told of the derelictions of modern parents. It was a serious hour for many for they realized they were among the number whose business and social cares had drawn them away from their families. At the conclusion many came forward and made their decision for the Christian life.

The text was from Acts ten one and two, "There was a certain man in Caesarea called Cornelius, a devotee man, and one that feared God with all his house."

There are two forces which are operating in the world, sin and salvation. It is the sin business that is causing the trouble in the world.

## MAGNUSON IN LETTER HOME

Oscar F. Magnuson, Son of Axel Magnuson, Writes from "Somewhere in France"

### SAW AN AIR SHIP BATTLE

Wants to Know How Many Fish His Father is Catching, Misses Home Newspapers

Oscar F. Magnuson, with the American Expeditionary Force, 16th Infantry, on service in France, writes his father, Axel Magnuson, of Brainerd, that he is well and enjoying life "somewhere in France."

"I hope that you are in good health and suppose you are still pegging away at the old shoes as usual. How is Peterson? Still in the shoe business? My regards to him."

"Well pa, what is the news around Brainerd. I never get any news. I wish you would send me some newspapers so I could see what was going on and I could see when you were out fishing last and how many fish you caught. How is your little boat?"

"Well dad, news is scarce here in France. Oh yes, we get to see an air-ship battle once in a while, some excitement."

"May be able to write more next time, so good bye for this time. Regards to you, dad."

It may be stated that letters revealing location, army activities etc., are heavily censored and the above style of letter is about the only kind which will pass muster.

Every line of the Dispatch is read, proving its advertising value. A typographical error is noted by thousands. Col. C. D. Johnson's recent allusion to the local column shows he reads it from top to bottom. The Dispatch gets to Camp Cody and the other camps and the trenches of Europe.

There was some excitement at the noonday lecture in Odd Fellow hall. Some one put on Rev. M. L. Hostager's derby by mistake and the minister on the sidewalk scanned all head gear until he found the missing hat.

### DIED AT BRAINERD

Mrs. C. J. Kuehl Resident of Sauk Rapids the Past 48 Years.

Obituary is Given (St. Cloud Journal Press)

Mrs. C. J. Kuehl, a prominent and respected resident of Sauk Rapids for the past 48 years, died at the home of her brother, Frank Klenow, at Brainerd. She has been ill a number of years.

Mrs. Kuehl and her husband had been visiting at Brainerd for the past month. Mr. Kuehl returned to Sauk Rapids Saturday but was called to Brainerd again on Monday owing to her serious condition.

Mrs. Kuehl's maiden name was Minnie Klenow. She was born in Prussia, Germany, on December 24, 1841, and came to this country with her parents while still a young girl. She was married to Mr. Kuehl in Columbus, O.

The departed is survived by her husband, C. J. Kuehl, one daughter, Mrs. August Larson of Little Rock; four sons, George of St. Ansgar, Iowa; Charles of Regan, N. D.; Fred of Sauk Rapids and Ezra of Minneapolis. One sister, Mrs. Caroline Stanger of this city, four brothers, August and Julius Klenow of Seattle, Robert Klenow of Little Falls, and Frank Klenow of Brainerd, also survive.

The remains were brought to Sauk Rapids where interment will be made. Funeral arrangements have not as yet been completed.

## RAILROAD CLERKS WAGE INCREASE

General Strike of These Railway employees has Been Prevented by Tentative Agreement

### NEW WAGE BEING DRAWN UP

Eight Hour Day, Increases of Wages, New Working Rules Included in the Demands

A dispatch from St. Paul states that an eight hour day, wage increases in some offices and new working rules were included in the tentative agreement between officials of the Northern Pacific railroad and a grievance committee of Northern Pacific line clerks and station employees, framed late yesterday at a meeting in the office of John N. Rapelle, in St. Paul. The conference will continue today and perhaps tomorrow.

The agreement framed yesterday prevented a general strike of the employees, but is only tentative. A new wage scale and permanent agreement will be drawn up by representatives of the railroad company and the employees' organization at a meeting December 3.

### NEW ADVISORY MEMBERS

Supt. W. C. Cobb and H. A. Kaatz elected on Chamber of Commerce Council

At the meeting of the committee on committees of the Chamber of Commerce, the resignation of Rev. George Phil Sheridan, as chairman of the educational committee was received and accepted with keen regret, his associates feeling deeply the loss of the services of a valuable member but appreciating the fact that his health will not permit him to longer continue on the board.

Professor W. C. Cobb, superintendent of the city schools, was unanimously elected to fill the vacancy. Mr. Cobb is recognized as a man deeply interested in the educational instructions of the city and in the welfare of the students and he will prove a valuable addition to the directorate.

Howard Kitchen, who recently moved to the state of Washington vacated the position of chairman of the parks and playgrounds committee and H. A. Kaatz of Northeast Brainerd was selected to fill the vacancy.

Mr. Kaatz is a young man of ability and one who takes an active interest in the betterment of the city. He has been prominent in improvement work in his section of the city and is recognized as a progressive, capable young business man who adds weight to the directorate of the Chamber. The new members will assume their seats on the directorate at the next meeting.

### NOTICE

## MULE KICKED THEORY DEAD

"Mule Kicked the Evolutionary Theory Into a Cocked Hat," said Rev. Bromley

### AT NOONDAY ADDRESS TODAY

"Science Failed in Many Theories but Christianity Believed in a Time Tested Force"

"The mule has kicked the evolutionary theory into a cocked hat," said Rev. Henry Bromley in his noon-day address at the luncheon served in Odd Fellow hall.

In his lecture he took up the specific law of improvement, the transmutation of species. The pendulum was swinging away from the transmutation theory, that gradual processes operating on one animal evolved an entirely different species. Dr. Bromley protested against the transmutation theory.

He held that more complicated animal organisms may have appeared first, to be followed by simpler ones later. Burbank in all his experiments had evolved no new species of plants.

The fish family had not developed into higher spheres. A profound degeneration had set in in various species.

"Degeneracy was not sporadic, but was the fault of many communities."

"The race by ordinary reform methods will not reach a high plane," said Rev. Bromley.

Society was formed of capables and incapables and the latter were rapidly increasing. Mr. Bromley said he was not descended from a monkey.

"Why should not the missing link hunters look in the monkey colonies now?" he questioned. The monkeys should have so developed by the Darwinian law of survival of the fittest that super-monkeys should be on hand.

"No animal ever showed signs of coming into moral consciousness," said Rev. Bromley. Max Mueller claimed that language still stood as the unbroken barrier between man and animal. Man was man because he thought with conception, ideas and ideals and spoke.

An attempt to find the transition of animal to man was fruitless, the speaker maintaining the missing or middle link had never been found. Man was not descended from an ape. No ape skull, said he, had ever approached the human skull.

The prehistoric man had never been found.

Men of science made mistakes, said he. The science of the present day may be contained in a small book. Theories upset were quickly replaced by others.

"But the teachings of Christ," said Dr. Bromley emphatically and with great earnestness, "they have been abiding through all the ages and changes."

"We have a right to object to teachings in school which strike at the roots of Christianity," said he.

"Darwin turned to God in his last days. The Bible was in his hands and not one of his own text books. Darwin repudiated many of his own assertions."

"Christianity has an explanation to offer for the force which makes that flower grow. It believes in the supreme force and energy at its foundation," said the speaker.

Thursday Rev. Bromley speaks on "Philosophical Proofs of the Deity of God."

### PIONEER PASSED AWAY

Henry Hendrickson, South Long Lake Farmer, Died of Old Age

Henry Hendrickson, age 76, a pioneer of South Long Lake township, died at his farm home from diseases incident to old age.

He is survived by four daughters and one son, being Mrs. David Jacobson of New York Mills, Mrs. John Aho, Mrs. Hilma River and Mrs. Oscar Jaakkola and Jack Hendrickson of Brainerd. No funeral announcement can be made until all relatives are communicated with. The sympathy of the countryside is extended the family in its sad bereavement.

# U. S. COASTS ARE TOBE WAR ZONES

Germany to Extend U-Boat Frightfulness to American Waters, Dispatch Says.

## HARD BLOW FOR SLAVS

Teutons Obtain Possession of Riga Gulf Although Russians Still Control Gulf of Finland, Petrograd's Sea Door.

London, Oct. 17.—Germany is expected shortly to declare the coasts of the United States, Canada and Cuba war zones, according to news from Berlin in an undated dispatch received by the admiralty.

London, Oct. 17.—Russia chose the lesser of two evils when faced by the choice of leaving the Germans take the Gulf of Riga and its strategic islands as opening to them the Gulf of Finland which is the "sea door" to Petrograd.

As a result, a powerful Teuton fleet is now master of the Riga bay and rapidly clearing the islands of the last defenders, but the naval gate to the capital remains shut, the "lock" being the Russian Baltic fleet determined to hold that gate or go down in the attempt.

Blow Hard One for Russia. Such is the situation after four days of Germany's eastward naval drive, as explained in an official statement by the Russian minister of marine, Admiral Verdevsk.

"The blow is a hard one," he said, "but the Russian fleet was in no position to hinder it. The risk was too great."

In the miniature naval battle which ensued after more than a dozen German torpedo boats, backed by the long-range fire of a cruiser, had squeezed half way through the narrow Soela Islands, two of the invading torpedo boats were sunk, two others put out of action and one Russian torpedo boat, the Grom, went down, according to the Russian admiralty statement.

This brings the German losses in the battle for the Riga bay up to six torpedo boats sunk, two disabled, and one cruiser grounded.

The Russians still hold Soela sound, as well as virtually all of Dago island. The approaches to the Gulf of Finland are thus entirely safe.

Foe Menaces Right Wing.

As regards the Riga gulf, however, the Russians have admittedly suffered one of the gravest blows of the war, grave because of the menace it presents to the entire Russian right wing which rests on the shore of that bay north of Riga.

Petrograd's frank admissions are accentuated by the German admiralty statement. It shows that the important Runo Island in the middle of the gulf has been captured by the invaders.

German troops landed here in force by the warships now in the Riga gulf would cut off the retreat of the Russian right wing and imperil the entire Muscovite army from the coast of Dvinsk. Because of the lateness of the season making a drive on Petrograd or Helsingfors impracticable, it is believed in some quarters this is the real aim of the Teuton high command.

## GERMAN BANKERS INTERNED

Had Come to United States as Place of Safety.

New York, Oct. 17.—Fritz Kuhn, prior to the outbreak of the war London representative of the Deutsche bank of Berlin, and George von Seebeck, also formerly connected with a German bank in London, have been taken into custody here by the intelligence bureau of the Navy department and sent to Ellis Island for internment as dangerous enemy aliens.

Von Seebeck is believed to be the son of German Baron von Seebeck, commander of the German Tenth army corps at Liege.

Both men fled from England to escape internment there as enemy aliens and came to the United States.

## LA FOLLETTE DELAYS PROBE

Demands Formal Copy of Charges—Would Quiz Witnesses.

Washington, Oct. 17.—When the senate committee investigating Senator R. M. La Follette's much discussed St. Paul speech began its first hearing, Senator La Follette presented a formal demand that the committee submit a formal copy of the charges against him and that he be permitted to summon and cross-examine witnesses. This delayed the start of the proceedings as the committee went into executive session to consider the demand.

Japan to Regulate Food Prices. Tokyo, Oct. 17.—Japan has decided to regulate her Bukkatoki. In other—American—words, she is going to grapple with the high cost of living. Japan, where one is popularly supposed to exist on a few sen per day, now finds herself at the mercy of the wartime food speculator. To maintain normal prices for articles of daily necessity, the government has just promulgated an order adjusting the cost of products, including the basic staple, rice, other grains, coal, cotton cloth, etc.

## YOUNG PEOPLE AT THE TABERNACLE

(Continued from page 5)

Remove sin and we will have an earthly paradise. Man originally worked with pleasure. His tasks were delightful to him and the ground brought forth plentifully with no danger of failure. God intended man to be happy. He did not want him to be miserable. Man is not adapted to suffering. Sin causes suffering and that is why God is against it and provided a way of escape from it.

"If the devil had his way there would be no happy homes, no peaceful homes, no home where God was worshipped. He would have children arrayed against parents and parents against children and wife against husband. When the devil wants to create a miniature hell he creeps into the family circle and brings about division and strife. He makes the parents irritable and cross and the children fretful and disobedient. It is his master stroke against happiness and against God.

Multitudes of homes are not really homes but houses where the family eat, sleep and find a shelter, but have no worship, no domestic concord, no quiet and contentment. Such places are the feeders of the saloon, pool room, and dance hall. Sin is going to meet its master some of these days and the home is going to be restored to its former glory.

Humanity has found a champion in Jesus Christ. If God Almighty had His way there would be no unhappy homes in Brainerd. Every one of them would serve and bless God out of a thankful, worshipful heart, and children and parents would feel the presence and blessedness of the reality of God.

Sacrifice is a noble thing in a home—the father for the child and the child for the father and each one for everyone else. The government is calling upon the homes for sacrifice today and it has the right to expect that the principle of sacrifice will be regarded. Commissioner Hoover is urging that a sacrifice be made on sugar, flour, and fuel. The secretary of the treasurer is asking for sacrifice of money that it may be loaned to the government in its time of need.

The American people will be fools if they do not stand by the president in this crisis with every noble sacrifice. God wants sacrifice. He calls for you to buy Liberty bond upon the bank of heaven.

The principle of serving others instead of self has a quality of heavenliness in it. Fathers can stay at home nights from their nightly prowls about town and devote it to the school and Sunday school lessons of the children. Mothers can forget their cards and dances and remember the necessity for soul culture.

The great lack in the home is family prayers, reading the Bible, and a reverence for the things of God and His name. (Hands were asked for those who had family prayers and a few hands were lifted). Christians should marry Christians and not let the home be divided with the very start of a new home. Marry a child of the devil and you will have trouble with your father-in-law. Marriage should be solemnized by the clergy and not by officers of the law.

Many of the greatest men of the world were converted at an early age. Jonathan Edwards at seven came to Christ. No parent should ever put a straw in the way of a child of tenderest years coming to God. Every parent owes it to his child to set a Christian example. The best inheritance that can be left is an inheritance of Christlikeness. The legacy of Christian parents is more precious than fine gold.

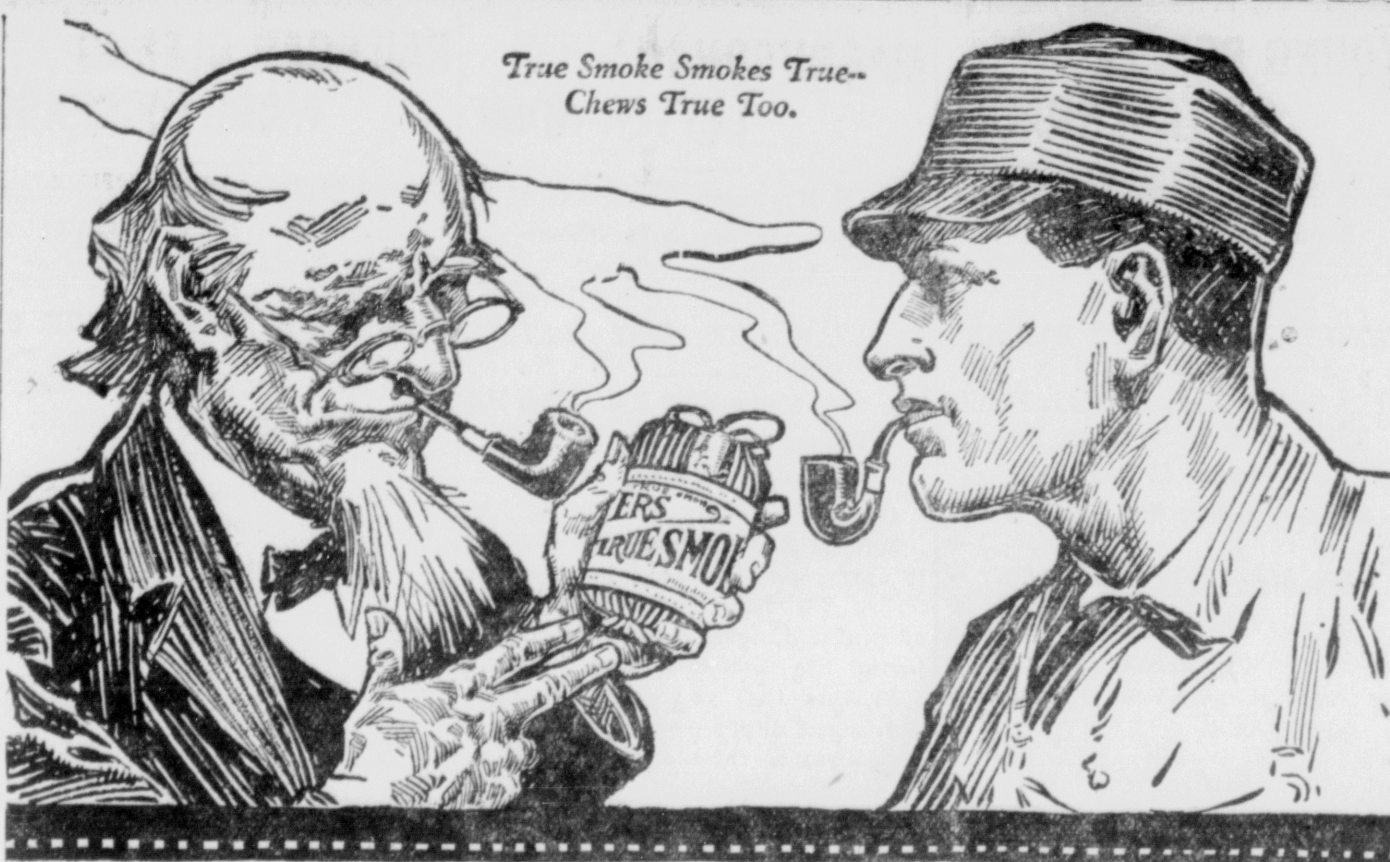

## ESCAPES FROM THE GERMANS

Yankee Leaps to Liberty From Enemy Freighter in Sweden.

Stockholm, Oct. 17.—Looking like a wild man, a week's growth of beard on his face, his tongue swollen from six days of raging thirst, eyes blazing with fever, body shaking with nervous chills, but still full of fight, his German prison uniform ragged, an American made a flying leap for liberty from the deck of the German freighter Undine, Norrkoeping, Sweden. He had suffered seven months of hard labor in the German prisons at Kiel, Dalmien, Brandenburg and Lubeck following his capture by the German raider Moeve.

Smith is from Norway, Conn., where he was employed as a brakeman on the New Haven railroad. He is 34 years old and unmarried. Smith is being cared for at the American consulate, where he told his story to a correspondent.

Women as Subway Guards. New York, Oct. 17.—On account of the shortage of manpower, due to war conditions, women will be installed as subway guards during rush hours by the Brooklyn Rapid Transit company. It was announced late today. The manual labor involved is light.

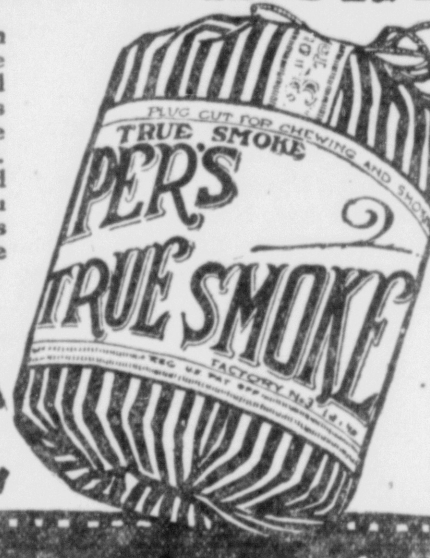

# 40 Years Ago I started smoking True Smoke

I've seen many different brands come and go—tried several of them myself—but I always come back to True Smoke. It's the best all-round honest smoke I've found. No bite or parch; no after effects; no regrets. Any tobacco that has stood the test for 40 years must be mighty good tobacco. That's exactly what you'll find True Smoke—mighty good tobacco. Ask your friends, they know.

Only in five states of the whole Union can we find tobacco good enough for True Smoke. This choice tobacco is blended only by experts; aged only by nature. It is rich, fragrant, fully seasoned tobacco; the best for either chewing or smoking. Try it. True Smoke is sold in 10c flat or round bags and in 50c fiber containers. If you can't get it from your dealer, send us his name and address with 10c and we will see that you are supplied—at once.
